

# CLOSURE OF BARCLAYS BANK, BURTON LATIMER

We, the undersigned, object to the closure of the local branch of Barclays Bank. We believe this is detrimental to community wellbeing because:

- Those unable to use on-line banking will have difficulty in accessing banking facilities. This will have an adverse effect on both businesses and residents in the local area;
- Other local branches are less accessible which discriminates against those who are older or disabled;
- Given recent and proposed massive development in Burton Latimer, local facilities should be increased rather than decreased.

We request that this decision be reversed.
