

Finedon Branch Surgery Closure

We have recently made an application to NHS England to close Finedon Branch Surgery and move all services to Burton Latimer Medical Centre.

The proposal to close our Finedon branch will bring a number of benefits to our patients which include the following:

- Benefit from a greater efficiency of doctor and nurse time
- Allowing us to focus on improving services for our patients from one site
- Improved call handling and reception services by having our administrative staff all based at one site
- Meet the standards expected by the Care Quality Commission
- Greater continuity of care at our purpose built building at Burton Latimer.
- Deliver a well led service that offers our patients a range of services, standard of premises and continuity of care and access that our patients rightly deserve
- Continue to visit frail and housebound patients

We would like to hear your views on this proposal before the decision is made. To have your say, please ask our reception staff for a survey or you can complete the survey online by visiting www.surveymonkey.co.uk/r/3JXBDS8

The closing date for feedback will be Sunday 11th November
